Healthy competition is crucial. We hold great respect for our local competitors and acknowledge the pressure they exert on us. This pressure motivates us to work harder and develop innovative solutions to stay ahead of the curve. However, we prioritize our customers above all else, and we believe what they have to say speaks for itself.

AVERAGE COMPETITOR

- We put in our best efforts to educate and provide follow-up care to our customers within the first 30 days of treatment to ensure they have the right fit, proper instructions, and comprehend the benefits to their health.
- Researchers have discovered evidence that CPAP therapy can lower the risk of cardiovascular events and improve life expectancy.
- We know that motivating our customers to comply with their treatment will greatly enhance their quality of life, and that is our only objective - to maintain our customers' health.
